

Operational Policy

CLP System AB is a technology-based trading company that provides products and services in the fields of vehicle technology, weapon technology, and forensic technology.

Through close collaboration with carefully selected suppliers, we aim to ensure reliable deliveries by providing the right product at the right time while meeting the expectations of our stakeholders. We offer high-quality products that have a long lifespan, contain fewer hazardous substances, and have low energy consumption.

Our employees establish close relationships with both suppliers and customers through professional interactions. With their expertise and dedication, they strive to maintain a high level of service and continuously seek improvements.

Our operations are conducted in a manner that minimizes environmental impact and complies with applicable laws and regulations.
